**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

REPORT OF THE MANAGER

Fund Performance

Da Cheng Hong Kong Dollar Money Market Fund (the “Sub-Fund”) seeks to achieve a return in Hong Kong Dollars in line with prevailing money market rates in Hong Kong, with primary considerations of both capital security and liquidity. As of 31 December 2020, the Sub-Fund aggregates a total net asset size of approximately HKD203,629,526.

A summary of the performance of the Sub-Fund is set out below (as at 31 December 2020).

	Since inception
Da Cheng Hong Kong Dollar Money Market Fund - HKD Class A NAV-to-NAV return	1.10% (from 03 Dec 2019)
Da Cheng Hong Kong Dollar Money Market Fund - HKD Class E NAV-to-NAV return	0.05% (from 17 Sep 2020)
Da Cheng Hong Kong Dollar Money Market Fund - HKD Class I NAV-to-NAV return	0.15% (from 31 July 2020)
Da Cheng Hong Kong Dollar Money Market Fund - HKD Class M NAV-to-NAV return	1.23% (from 29 Nov 2019)
Da Cheng Hong Kong Dollar Money Market Fund - HKD Class P NAV-to-NAV return	0.25% (from 20 Mar 2020)
Da Cheng Hong Kong Dollar Money Market Fund - MOP Class I NAV-to-NAV return	0.63% (from 11 Mar 2020)

Source: Da Cheng International Asset Management Limited, Bloomberg
The performance of the Sub-Fund is not referenced to pre-determined benchmarks.

Market Overview

In 2020, the US Treasury yields across the board have fallen sizably and 10-year rates reach 0.91 level in year end. The low interest rates environment also led the USD deposit rate reach to a relatively low level in 2020. Affected by the USD low interest rates environment, 1Month HIBOR also reached to 0.18 level in 2020 year end, lower over 220bps comparing to the start of 2020. HKD Deposit rates also was in a relative historical low range. The low interest rates environment limited the return of HKD money market return.

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

REPORT OF THE MANAGER (CONTINUED)

Outlook

According to the world index rate probability prediction, by the end of 2021, the FOMC's target federal funds rate range will remain in 0-0.25% area, So in 2021, it would also be another year of low interest rates environment and even for a longer-term, due to the remaining impact of COVID-19 pandemic with Loosen monetary and fiscal policies.

For investment, our main focus will still be on managing liquidity and looking for investment opportunities in the low rate environment.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

Report on the Audit of the Financial Statements

Opinion

What we have audited

The financial statements of Da Cheng Hong Kong Dollar Money Market Fund (the "Sub-Fund"), a sub-fund of DCI Investment Trust, set out on pages 8 to 26, which comprise:

- the statement of financial position as at 31 December 2020;
- the statement of comprehensive income for the period from 29 November 2019 (date of commencement of operations) to 31 December 2020;
- the statement of changes in net assets attributable to unitholders for the period from 29 November 2019 (date of commencement of operations) to 31 December 2020;
- the statement of cash flows for the period from 29 November 2019 (date of commencement of operations) to 31 December 2020; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Our opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Sub-Fund as at 31 December 2020, and of its financial transactions and cash flows for the period from 29 November 2019 (date of commencement of operations) to 31 December 2020 in accordance with International Financial Reporting Standards ("IFRSs").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Sub-Fund in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (the "IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

Other Information

The Trustee and the Manager (the "Management") of the Sub-Fund are responsible for the other information. The other information comprises all of the information included in the annual report other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

Responsibilities of the Management for the Financial Statements

The Management of the Sub-Fund is responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRSs, and for such internal control as the Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management of the Sub-Fund is responsible for assessing the Sub-Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Sub-Fund or to cease operations, or has no realistic alternative but to do so.

In addition, the Management of the Sub-Fund is required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the Trust Deed dated 30 December 2011, as amended (the "Trust Deed") and Appendix E of the Code on Unit Trusts and Mutual Funds issued by the Hong Kong Securities and Futures Commission (the "SFC Code").

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and Appendix E of the SFC Code.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Matters under the Relevant Disclosure Provisions of the Trust Deed and Appendix E of the SFC Code

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and Appendix E of the SFC Code.

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

1 General information

DCI Investment Trust (the “Trust”) is an open-ended unit trust established as an umbrella fund under the laws of Hong Kong by a trust deed dated 30 December 2011, as amended (the “Trust Deed”), between Da Cheng International Asset Management Company Limited as Manager (the “Manager”) and BOCI-Prudential Trustee Limited as Trustee (the “Trustee”). As at 31 December 2020, the Trust has six sub-funds, Da Cheng Hong Kong Dollar Money Market Fund (the “Sub-Fund”), Da Cheng China Balanced Fund, Da Cheng China RMB Fixed Income Fund, Da Cheng Overseas China Concept Fund, Da Cheng Total Return Bond Fund and Da Cheng Money Market Fund (collectively, the “Sub-Funds”). The date of commencement of operations of the Sub-Fund was 29 November 2019.

The Trust and the Sub-Fund are authorised by the Securities and Futures Commission of Hong Kong (the “SFC”) under Section 104(1) of the Hong Kong Securities and Futures Ordinance and is required to comply with the Code on Unit Trusts and Mutual Funds established by the SFC (the “SFC Code”).

The Sub-Fund seeks to achieve a return in Hong Kong dollar (“HKD”) in line with prevailing money market rates in Hong Kong, with primary considerations of both capital security and liquidity.

The Sub-Fund’s investment objective is to invest in short-term deposits and high quality money market instruments including debt securities. The Sub-Fund seeks to achieve its investment objective by investing primarily (i.e. not less than 70% of its net asset value) in HKD-denominated and settled short-term deposits and high quality money market instruments (including debt securities) issued by governments, quasi-governments, international organisations and financial institutions. The Sub-Fund may invest in commercial papers, certificates of deposits and commercial bills.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to the years presented, unless otherwise stated.

2.1 Basis of preparation

The financial statements of the Sub-Fund have been prepared in accordance with International Financial Reporting Standards (“IFRSs”). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss.

The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires the Trustee and the Manager (the “Management”) to exercise its judgement in the process of applying the Sub-Fund’s accounting policies.

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

2 Summary of significant accounting policies (Continued)

2.1 Basis of preparation (Continued)

Standards and amendments to existing standards effective 29 November 2019 (date of commencement of operations)

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on 29 November 2019 (date of commencement of operations) that have a material effect on the financial statements of the Sub-Fund.

New standards, amendments and interpretations effective after 29 November 2019 (date of commencement of operations) and have not been early adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 29 November 2019 (date of commencement of operations), and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the Sub-Fund.

2.2 Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Sub-Fund operates (the “functional currency”). The performance of the Sub-Fund is measured and reported to the unitholders in HKD. The Manager considers HKD as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The financial statements are presented in HKD, which is the Sub-Fund’s functional and presentation currency.

(ii) Transactions and balances

Foreign exchange gains and losses arising from translation are included in the statement of comprehensive income.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the reporting date.

Foreign exchange gain and loss relating to the financial assets carried at fair value through profit or loss is presented in the statement of comprehensive income within “net gain on investments”.

Foreign exchange gain and loss relating to cash and cash equivalents is presented in the statement of comprehensive income within “net foreign exchange loss”.

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

2 Summary of significant accounting policies (Continued)

2.3 Investments

(i) Classification

The Sub-Fund classifies its investments based on both the Sub-Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Sub-Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Sub-Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. The contractual cash flows of the Sub-Fund's debt securities are solely principal and interest, however, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Sub-Fund's business model's objective. Consequently, all investments are measured at fair value through profit or loss.

The Sub-Fund's policy requires the Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

(ii) Recognition, derecognition and measurement

Regular purchases and sales of investments are recognised on the trade date – the date on which the Sub-Fund commits to purchase or sell the investment. Financial assets at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed as incurred in the statement of comprehensive income.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Sub-Fund has transferred substantially all risks and rewards of ownership.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the investments are presented in the statement of comprehensive income within "net gains on investments" in the period in which they arise.

Interest on debt securities at fair value through profit or loss is recognised in the statement of comprehensive income within "interest income from investments" based on the effective interest rate.

(iii) Fair value estimation

The fair value of financial instruments traded in active markets (such as publicly traded derivatives and trading securities) is based on quoted market prices at the closing of trading on the reporting date. The quoted market price used for financial assets held by the Sub-Fund is the last traded price.

(iv) Transfers between levels of the fair value hierarchy

Transfers between levels of the fair value hierarchy are deemed to have occurred at the beginning of the reporting period.

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

2 Summary of significant accounting policies (Continued)

2.4 Cash and cash equivalents

Cash and cash equivalents include cash at banks and deposits held with banks with original maturities of three months or less.

2.5 Interest income from bank deposits and interest income from investments

Interest is recognised on a time-proportionate basis using the effective interest method. Interest income from bank deposits includes interest from cash and cash equivalents. Interest from investments includes interest from debt securities.

The effective interest method is a method of calculating the amortised cost of an interest bearing asset and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial instrument. When calculating the effective interest rate, the Sub-Fund estimates cash flows considering all contractual terms of the financial instrument (for example, prepayment options) but does not consider future credit losses. The calculation includes all fees and points received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

2.6 Accrued expenses

Accrued expenses are recognised initially at fair value and subsequently stated at amortised cost using the effective interest method.

2.7 Redeemable units

The Sub-Fund issued multiple classes of redeemable units and the redeemable units do not have identical features. The Sub-Fund classified its puttable instruments as financial liabilities. Units are issued and redeemed at the holder's option at prices based on the Sub-Fund's net asset value per unit of the respective class at the time of issue or redemption. The Sub-Fund's net asset value per unit of the respective class is calculated by dividing the net assets attributable to unitholders of the respective class with the total number of outstanding units of the respective class.

The redeemable units are carried at amortised cost which corresponds to the redemption amount that is payable at the reporting date if the unitholder exercises the right to put the units back to the Sub-Fund.

In accordance with the explanatory memorandum of the Sub-Fund, investment positions are valued based on the last traded market price for the purpose of determining the net asset value per unit for subscriptions and redemptions of the Sub-Fund.

2.8 Transaction costs

Transaction costs are costs incurred to acquire financial assets at fair value through profit or loss. They include the transaction handling fees and commissions paid to agents, advisers, brokers and dealers. Transaction costs are expensed as incurred in the statement of comprehensive income.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

2 Summary of significant accounting policies (Continued)

2.9 Establishment costs

Establishment costs are recognised as expenses in the period in which they are incurred in accordance with IFRSs.

2.10 Receivables

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less allowance for impairment.

3 Financial risk management

The Sub-Fund is exposed to a variety of risks including but not limited to market price risk, cash flow and fair value interest rate risk, credit and counterparty risk, liquidity risk and currency risk which are associated with the markets in which the Sub-Fund invests.

The following is a summary of the main risks and risk management policies.

3.1 Market price risk

Market price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual instrument or factors affecting all instruments in the market. All investments present a risk of loss of capital.

FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

3 Financial risk management (Continued)

3.1 Market price risk (Continued)

The Sub-Fund's market price risk on debt securities is managed through diversification of the investment portfolio ratios by exposures to different industries. There is no exposure to individual investment representing over 10% of the Sub-Fund's net asset value at 31 December 2020.

The sensitivity analysis of market price risk for debt securities is disclosed in the interest rate sensitivity analysis in Note 3.2 below.

3.2 Cash flow and fair value interest rate risk

Interest rate risk is the risk that the future cash flow and the value of a financial instrument will fluctuate due to changes in market interest rates.

Interest rate risk arises from the effects of fluctuations in the prevailing levels of market interest rates on the fair value of financial assets and future cash flow.

The tables below summarise the Sub-Fund's exposure to interest rate risks. It includes the Sub-Fund's financial assets at fair values, categorised by the earlier of contractual re-pricing or maturity dates.

As at 31 December 2020	Maturity up to 1 year HKD	Maturity 1-5 years HKD	Maturity over 5 years HKD	Non-interest bearing HKD	Total HKD
Assets					
Investments	1,551,593	-	-	-	1,551,593

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

3 Financial risk management (Continued)

3.2 Cash flow and fair value interest rate risk (Continued)

The Manager and the Trustee monitor the interest rate risks by quantifying the market exposure in percentage terms and the exposure in duration terms by different countries. As at 31 December 2020, the Sub-Fund has invested in interest-bearing securities of HKD1,551,593 and cash and cash equivalents of HKD206,877,556 and the portfolio weighted average modified duration of the Sub-Fund is 0.06.

Given a 100 basis points change in the rate of all debt securities held by the Sub-Fund as at 31 December 2020, the percentage change in net asset value will be the total portfolio weighted average modified duration multiplied by 1%, i.e. HKD125,057 while holding all other variables constant.

3.3 Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. The Sub-Fund is not exposed to currency risk arising from balances and transactions in foreign currencies as its assets and liabilities are mainly denominated in HKD, the Sub-Fund's functional and presentation currency. Accordingly, the Management considers that it is not necessary to present a sensitivity analysis of currency risk.

3.4 Credit and counterparty risk

Credit and counterparty risk is the risk that an issuer or counterparty will be unable or unwilling to meet a commitment that it has entered into with the Sub-Fund.

All transactions in securities are settled or paid for upon delivery using approved and reputable brokers. The risk of default is considered minimal, as delivery of securities sold is only made when the broker has received payment. Payment is made on a purchase when the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

The main concentration to which the Sub-Fund is exposed arises from the Sub-Fund's investments in debt securities. The Sub-Fund does not have explicit restrictions on the minimum credit ratings of securities it may hold. The Manager will actively manage the portfolio of the Sub-Fund. In case of credit rating downgrading, the Manager will adjust the positions in the portfolio using its credit analysis and rating systems that are designed to manage credit risks.

The table below summarises the credit quality of the Sub-Fund's debt securities, which represents 0.76% of net assets, as at 31 December 2020.

Credit rating agency	Rating range	2020 % of net assets
Fitch	BBB	0.76%
Total		<u>0.76%</u>

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

3 Financial risk management (Continued)

3.4 Credit and counterparty risk (Continued)

The Manager has assessed the credit quality of the quoted debt securities based on the nature of issuers and historical information about the issuers' default rates.

The Sub-Fund is also exposed to credit and counterparty risk on cash and cash equivalents.

The table below summarises the exposure to the Sub-Fund's counterparties as at 31 December 2020 together with its credit rating:

At 31 December 2020	HKD	Credit rating	Source of credit rating
Investments			
Bank of China (Hong Kong) Limited	1,551,593	Aa3	Moody's
Cash and cash equivalents			
Bank of China (Hong Kong) Limited	6,615,579	Aa3	Moody's
Agricultural Bank of China, HK Branch	39,007,508	A1	Moody's
Bank of China (Macau) Limited	30,207,080	A1	Moody's
Bank of Communications (Hong Kong) Limited	10,000,000	A2	Moody's
China Everbright Bank Hong Kong Branch	45,029,336	Baa2	Moody's
Industrial Bank Co., Limited	26,037,986	Baa2	Moody's
China Minsheng Banking Corp. Limited	49,980,067	BBB-	S&P

The Sub-Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward looking information in determining any expected credit loss. At 31 December 2020, interest receivable and cash and cash equivalents are held with counterparties with a credit rating of Baa2/BBB- or above and are due to be settled within 3 months. Management considers the probability of default to be close to zero as the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Sub-Fund.

The maximum exposure at the period ended 31 December 2020 was the carrying amount of the investments and cash and cash equivalents.

3.5 Liquidity risk

Liquidity risk is the risk that the Sub-Fund may not be able to generate sufficient cash and resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Sub-Fund is exposed to daily redemptions of units in the Sub-Fund. The Sub-Fund invests the majority of its assets in investments that are traded in an active market which can be readily disposed of.

(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

3 Financial risk management (Continued)

3.5 Liquidity risk (Continued)

The table below analyses the Sub-Fund's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows. Balances due within 12 months are equal to their carrying balances, as the impact of discounting is not significant.

	2020
	Less than 3 months HKD
Management fee payable	9,611
Trustee fee payable	12,607
Amount payable on redemption of units	5,000,000
Accrued expenses and other payables	117,917
Net assets attributable to unitholders	203,629,526
	<hr/>
	208,769,661
	<hr/> <hr/>

Units are redeemed on demand at the unitholder's option.

As at 31 December 2020, the total assets of the Sub-Fund amounted to HKD208,604,115. The Sub-Fund manages its liquidity risk by investing in investments that it expects to be able to liquidate within 7 days or less.

3.6 Fair value estimation

The fair value of financial assets traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the period end date. The Sub-Fund utilises the last traded market price as its fair valuation inputs for financial assets.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

3 Financial risk management (Continued)

3.6 Fair value estimation (Continued)

The Sub-Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes “observable” requires significant judgment by the Sub-Fund. The Sub-Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables analyse within the fair value hierarchy the Sub-Fund’s investments as at 31 December 2020:

	Level 1 HKD	Level 2 HKD	Level 3 HKD	Total HKD
As at 31 December 2020				
Assets				
Investments				
- Quoted debt securities	-	1,551,593	-	1,551,593
Total	-	1,551,593	-	1,551,593

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1. The Sub-Fund does not adjust the quoted price for these. As at 31 December 2020, there is no level 1 investment held by the Sub-Fund.

Investments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2.

Investments classified within level 3 have significant unobservable inputs, as they trade infrequently. As at 31 December 2020, there is no level 3 investment held by the Sub-Fund.

There was no transfer between levels for the period from 29 November 2019 (date of commencement of operations) to 31 December 2020.

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

3 Financial risk management (Continued)

3.6 Fair value estimation (Continued)

The carrying amount of interest receivable, cash and cash equivalents, management fee payable, trustee fee payable, amount payable on redemption of units, accrued expenses and other payables and net assets attributable to unitholders approximated their fair values and are presented in the statement of financial position. There are no financial assets and financial liabilities not carried at fair value but for which the fair value is disclosed.

3.7 Capital risk management

The Sub-Fund's capital is represented by the net assets attributable to unitholders. The Sub-Fund strives to invest the subscriptions in investments that meet the Sub-Fund's investment objectives while maintaining sufficient liquidity to meet unitholder redemptions.

The Management may:

- Redeem and issue new units in accordance with the constitutive documents of the Sub-Fund; and
- Exercise discretion when determining the amount of distributions of the Sub-Fund to the unitholders.

4 Financial instruments by category

Financial assets

Apart from investments which are classified as financial assets at fair value through profit or loss, all other financial assets as disclosed in the statement of financial position, including interest receivable and cash and cash equivalents, are categorised as financial assets measured at amortised cost.

Financial liabilities

All financial liabilities as disclosed in the statement of financial position, including management fee payable, trustee fee payable, amount payable on redemption of units, accrued expenses and other payables and net assets attributable to unitholders, are categorised as financial liabilities measured at amortised cost.

5 Net gain on investments

	2020 HKD
Net realised gain on sale of investments	30,877
Net change in unrealised gain/loss on investments	85
	30,962

6 Number of units in issue and net assets attributable to unitholders per unit

Net assets attributable to unitholders are carried at the redemption amount that would be payable if the unitholder exercised the right to redeem the units in the Sub-Fund.

**DA CHENG HONG KONG DOLLAR MONEY MARKET FUND
(A SUB-FUND OF DCI INVESTMENT TRUST ESTABLISHED IN HONG KONG)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 29 NOVEMBER 2019 (DATE OF COMMENCEMENT OF OPERATIONS)
TO 31 DECEMBER 2020**

6 Number of units in issue and net assets attributable to unitholders per unit (Continued)

Class A units are available for sale to the retail public. Class I units are offered to institutional investors. Class P units are available for investments by retail investors who invest through distributors submitting dealing orders via distribution channels or distributors specified by the Manager. Class M units are available for investments by managed accounts and other funds managed by the Manager or its associated entities. As at 31 December 2020, the Sub-Fund had HKD Class A units, HKD Class E units, HKD Class I units, HKD Class M units, HKD Class P units and MOP Class I in issue.

The following table details the net asset value per unit of each class of units at 31 December 2020:

	2020			
	HKD Class A (in HKD)	HKD Class E (in HKD)	HKD Class I (in HKD)	HKD Class M (in HKD)
Net assets attributable to unitholders per unit (Dealing NAV) at 31 December 2020	10.1095	10.0052	10.0154	10.1235
	HKD Class P (in HKD)	MOP Class I (in MOP)		
Net assets attributable to unitholders per unit (Dealing NAV) at 31 December 2020	10.0249	10.0629		

In accordance with the Sub-Fund's explanatory memorandum, the establishment costs of the Sub-Fund will be amortised over the first 5 years. The costs of establishment of the Sub-Fund are estimated to be approximately HKD210,417. As at 31 December 2020, HKD165,546 are unamortized for the Sub-Fund, with remaining amortisation period of 3 years and 10 months. However, the accounting policy of the Sub-Fund for the purpose of financial statements preparation in compliance with IFRSs is to expense establishment costs in the statement of comprehensive income as incurred. The differences between expensing the establishment costs as incurred in accordance with IFRSs and capitalisation and amortisation of the establishment costs indicated in the Sub-Fund's explanatory memorandum resulted in adjustment on the net asset value.

As at 31 December 2020, the above difference between the dealing net asset value ("Dealing NAV") and the accounting net asset value results an adjustment of HKD165,546 below.

	2020 HKD
Net assets attributable to unitholders (in accordance with IFRSs)	203,463,980
Adjustment for different basis adopted by the Sub-Fund in arriving at net assets attributable to unitholders	165,546
Net assets attributable to unitholders (in accordance with the Sub-Fund's explanatory memorandum)	203,629,526

7 Transactions with related parties or connected persons

The following is a summary of transactions entered into during the period between the Sub-Fund and its related parties including the Manager, the investment delegate, the Trustee/custodian and their connected persons (the “Connected Persons”). Connected Persons are those as defined in the SFC Code. All such transactions were entered into in the ordinary course of business and on normal commercial terms. To the best of the Management’s knowledge, the Sub-Fund does not have any other transactions with the Connected Persons except for those disclosed below.

7.1 Management fee

The Manager is entitled to receive a management fee of up to 2% per annum of the net asset value of the Sub-Fund. For the period ended 31 December 2020, the Manager charged a management fee of 0.10% per annum of the net asset value of the Sub-Fund attributed to Class A units, a management fee of 0.05% per annum of the net asset value of the Sub-Fund attributed to Class I units, a management fee of 0.30% per annum of the net asset value of the Sub-Fund attributed to Class P units, and a management fee of 0.15% per annum of the net asset value of the Sub-Fund attributed to Class E units. No management fee is charged in respect of Class M units. The fee calculated and accrued on each valuation day and payable monthly in arrears.

Management fee charged for the period from 29 November 2019 (date of commencement of operations) to 31 December 2020 was HKD27,317 of which HKD9,611 was payable to the Manager.

7.2 Trustee fee

The Trustee is entitled to receive a trustee fee of up to 0.5% per annum of the net asset value of the Sub-Fund. Currently, the Trustee is entitled to receive a fee of up to 0.075% per annum. The fee is calculated and accrued on each valuation day and payable monthly in arrears.

Trustee fee charged for the period from 29 November 2019 (date of commencement of operations) to 31 December 2020 was HKD92,553 of which HKD12,607 was payable to the Trustee.

7.3 Custodian fee, cash and cash equivalents and investment balances

The custodian, an affiliate of the Trustee, is entitled to receive transaction charges at customary market rates and custody fees at different rates. Such charges and fees will be calculated monthly and payable monthly in arrears. The custodian will be paid a custodian fee of up to 0.026% per annum of the net asset value of the Sub-Fund. Custodian fee charged for the period was HKD2,536. All the custodian fee payable was fully settled as of 31 December 2020.

Cash and cash equivalents amounted to HKD6,615,579 is held with Bank of China (Hong Kong) Limited. In addition, the Sub-Fund’s investments amounted to HKD1,551,593 are held at Bank of China (Hong Kong) Limited as custodian of the Sub-Fund.

Interest income earned from cash and cash equivalents held with Bank of China (Hong Kong) Limited for the period was HKD90,685 while the bank charges of Bank of China (Hong Kong) Limited for the period was HKD3,755.

7.4 Transaction handling fees

In its purchases and sales of investments, the Sub-Fund utilises the investment transaction services of the Trustee. Details of transactions effected through the Trustee are as follows:

	For the period from 29 November 2019 (date of commencement of operations) to 31 December 2020 HKD
Transaction handling fees paid for the period	16,440
Average rate of transaction handling fees	0.07%
Total aggregate value of such transactions for the period	23,504,228
Percentage of such transactions in value to total transactions for the period	100%

7.5 Holdings in the Sub-Fund

The Sub-Fund allows the Manager and its connected persons and other funds managed by the Manager to subscribe for and redeem units in the Sub-Fund. The holdings in the Sub-Fund by the Manager and its connected persons as at 31 December 2020 were as follows:

Units held by Bank of China (Hong Kong) Nominees Limited, a group company of the Trustee, as agent:

2020	Units outstanding at 29 November 2019	Units subscribed during the period	Units redeemed during the period	Units outstanding at 31 December 2020

8 Taxation

Hong Kong profits tax

No provision for Hong Kong profits tax has been made for the Sub-Fund as it was authorised as collective investment schemes under Section 104 of the Hong Kong Securities and Futures Ordinance and is therefore exempt from profits tax under Section 26A(1A) of the Hong Kong Inland Revenue Ordinance.

9 Soft commission arrangements

The Manager confirms that there has been no soft commission arrangement existing during the period from 29 November 2019 (date of commencement of operations) to 31 December 2020 in relation to directing transactions of the Sub-Fund through a broker or dealer.

10 Approval of financial statements

The financial statements were approved by the Trustee and the Manager on 28 April 2021.
