

DCI Investment Trust

Da Cheng Hong Kong Dollar Money Market Fund

October 2024

Important Information:

- Da Cheng Hong Kong Dollar Money Market Fund ("The Fund") is a sub-fund of DCI Investment Trust which is a trust established as an umbrella fund under the laws of Hong Kong. The purchase of a Unit in the Fund is not the same as placing funds on deposit with a bank or deposit-taking company. The Fund does not guarantee principal and the Manager has no obligation to redeem the Units at the offer value. The Fund does not have a constant Net Asset Value. The Fund is not subject to the supervision of the Hong Kong Monetary Authority.
- The Fund's investment objective is to invest in short-term deposits and high quality money market instruments including debt securities. The Fund seeks to achieve a return in Hong Kong Dollars in line with prevailing money market rates in Hong Kong, with primary considerations of both capital security and liquidity. There can be no assurance that the Fund will achieve its investment objective.
- The Fund seeks to achieve its investment objective by investing primarily (i.e. not less than 70% of its Net Asset Value) in HK Dollars-denominated and settled short-term deposits and high quality money market instruments (including debt securities) issued by governments, quasi-governments, international organisations and financial institutions. The Fund may invest in commercial papers, certificates of deposits and commercial bills. There is no specific geographical allocation of the country of issue of the debt securities or deposits, except that the Fund will not invest more than 30% of its Net Asset Value in emerging markets.
- Investments are subject to investment risks, including Investment risks, Risks associated with debt securities, Risks associated with bank deposits, Risks relating to repurchase agreements, Risks associated with restrictions on redemption, Hedging / derivative risk, PRC related risks, RQFII regime related risks, Risks associated with PRC inter-bank bond market, Currency risk, MOP denominated Classes risk, RMB currency risk and RMB denominated classes risk, Hedged RMB denominated classes risk, Distributions out of/effectively out of capital risk, etc.
- Investment involves risks. There is a risk that you may lose a substantial part of all your investment. You are advised to consult the intermediary before investing. You should not invest in the Fund unless the intermediary who sells it to you has explained to you that the Fund is suitable for you having regard to your financial situation, investment experience and objectives.

INVESTMENT OBJECTIVE

The Sub-Fund's investment objective is to invest in short-term deposits and high quality money market instruments including debt securities. The Sub-Fund seeks to achieve a return in Hong Kong Dollars in line with prevailing money market rates in Hong Kong, with primary considerations of both capital security and liquidity. There can be no assurance that the Sub-Fund will achieve its investment objective.

PERFORMANCE SINCE INCEPTION^{1,2}

1. Source: DCI, all information as of 31 October 2024.
2. NAV to NAV in HKD with income (if any) reinvested.
3. The average Yield to Maturity (YTM) does not deduct any fees, including but not limited to management fees, custodian fees, trustee fees, etc. The data is for reference only and does not represent future performance as well as actual performance. The average YTM of the fund is calculated based on the current price of the underlying asset when held until maturity, assuming timely payment of all interest and principal. The average YTM calculations take into consideration factors such as the current market price, par value, coupon rate, and maturity date.
